

WHO ARE THE CHWs WORKING WITH MSM IN EUROPE?

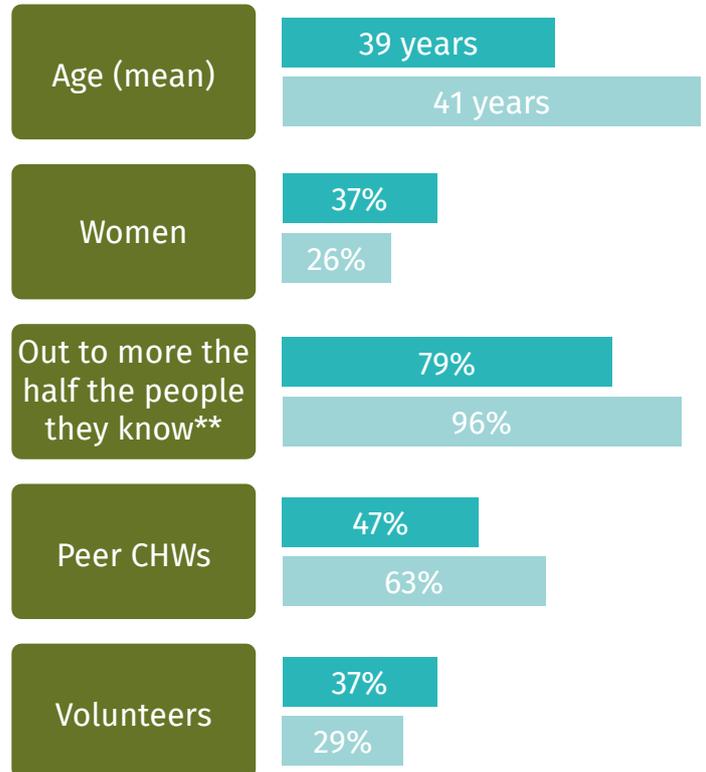

Findings from the European Community Health Worker Online Survey (ECHOES)

Get the full report at www.esticom.eu

CHWs are people who provide sexual health and other health-related support (whether paid or unpaid) to gay, bisexual and other MSM.

SOME EAST / WEST* DIFFERENCES

* Check the full report for country grouping details
**Among non-heterosexual men

86% Eastern countries
76% Western countries

No difference between CHWs from Eastern and Western countries

To all CHWs: Get support from other team members and share your concerns

To training providers: Include reflection on personal motivation and job burnout
